

Knox Thomas PUWER App Instructions:

Logging In for the First Time

Getting Started

This guide explains the basic first step: logging into the Knox Thomas PUWER App for the first time after downloading the app or opening the browser version.

- Access the PUWER App via:
 - The mobile app (downloaded from an app store)
 - A browser link (browser version of the app)
 - A tablet version (if applicable)

Step-by-Step Instructions: First-Time Login

1. Open the Knox Thomas PUWER App (mobile app, tablet app, or browser version).
2. On the login screen, review the available authentication options.
3. Select the authentication method that matches the service linked to your email address (e.g., Google).
4. Follow the prompts on the chosen service's authentication screen.
5. If it is your first time using that account on the PUWER App, enter your password and complete the usual sign-in steps.
6. If you have logged in previously, your account may be remembered—select your account to continue.
7. After successful authentication, you will be taken to the first page of the Knox Thomas PUWER App.

What You Will See After Login

After you log in, you will land on the first page of the Knox Thomas PUWER App (the video demonstration shows the browser version).

Key Notes

- The PUWER App supports common authentication methods—use the one linked to your email account.
- No additional setup is required after logging in.
- Once logged in, you are ready to start an assessment.
